

The diagram shows a rectangular card layout divided into three vertical sections. The leftmost section is the largest and contains text. A red double-headed arrow spans the width of this section, labeled '86'. The middle section is narrower and is separated from the left section by a vertical dotted line. A red double-headed arrow spans the width of this middle section, labeled '28,6'. The rightmost section is the narrowest and is separated from the middle section by another vertical dotted line. The entire layout is enclosed in a blue border. Inside, there are nested borders: a green border for the left section and a red border for the middle and right sections. The text in the bottom left corner lists three dimensions: '146x57mm - size with bleed' in blue, '143,2x54mm - size of a card (after cut)' in red, and '140x50mm - fixed elements e.g. logo' in green.

86

28,6

146x57mm - size with bleed

143,2x54mm - size of a card (after cut)

140x50mm - fixed elements e.g. logo
